The Pillow

SIMPLE THE PILLOW

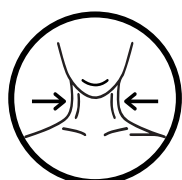

As NY Sünger, we produce pillows and cushions that make life comfortable under the brand Simple The Pillow. When designing our products, we take the needs of modern people as priority. We create comfort in people's lives with our orthopedic neck pillows, waist pillows, gel pillows and a wide variety of cushions. We do not compromise on quality in every detail of our pillows and cushions, from the material we use to the covers of the products. With our current high production capacity, we are one of the largest companies in Turkey in its field. We export products to many countries in the Middle East, Europe, America and Asia. We make innovative and sustainable investments with a customer-focused service approach. While achieving growth, we do not compromise on respect for nature. In addition to our own brand, we also outsource production to many pillow and cushion companies in Turkey and abroad. Our wide production capacity, product quality, reasonable costs and solution-oriented approach are the main reasons for us to be preferred. We will continue to design and produce specific products with our innovative approach and make life more comfortable.

NECK SUPPORT PILLOWS

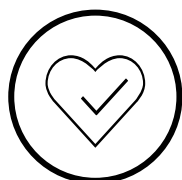

Neck Support Pillows

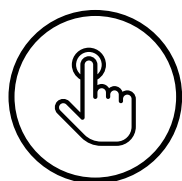

Simple The Pillow visco orthopedic pillow, with its foam feature, takes the shape of your neck structure when you lie down. The orthopedic pillow, which you can use for neck calcification, neck hernia, pain caused by fibromyalgia, neck straightening, can be combined with Simple Pillow's multi-purpose or roller pillow according to your needs.

CLASSIC PILLOWS

Classic Pillows

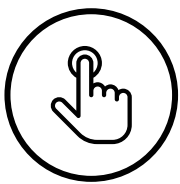

Offering both classic pillow and visco comfort together, Simple The Pillow is preferred for its ideal height and wide size for the neck. Thanks to its dense visco material, it does not collapse and at the same time has a soft feel, the different combinations of this pillow model appeal to those seeking a high level of comfort.
